Baffito's, Warrington

A turnkey interior fit out project for new bar and pizzeria chain, Baffito's, making its debut in Warrington. Dawnvale worked closely with designers and architects to create a bespoke bar and commercial kitchen area, plus three distinct restaurant seating areas.

The trattoria, garden and café areas offer a variety of dining experiences, each one a different take on the rustic warmth and comfort that typifies Italian family dining. Zesty colours, sumptuous leather booths and custom-made dining chairs.

Name: Baffito's, Warrington
Location: Warrington
Scope: Bar + Restaurant Fit Out
Branches: 2

DESIGN + LAYOUT

Our kitchen and bar designers created the layouts of the bar, pizza kitchen and three distinct restaurant areas, creating a space that worked flawlessly for both customers and staff in this 140-cover pizzeria.

FURNITURE + FITTINGS

Our production team and restaurant furniture division designed and manufactured beautiful bespoke interior fixtures and fittings, including bespoke restaurant chairs, soft olive leather and antique oak booths, and communal, bench-style seating.

COMMERCIAL BAR

The distressed steel letterbox bar comprises four bespoke cocktail stations with zinc bar top, speed rails and wooden frontage. This is flanked by vintage high bar stools, enabling diners to eat with a view of the flames from the authentic wood stone pizza oven.

COLOUR + TEXTURE

Warm wood, vibrant colours, eye-catching fittings and cosy finishing touches - Baffito's has been an exercise in combining colour and texture to create a space that feels stylish and natural.
