Callow Hall, Peak District

Callow Hall in Derbyshire sits within 35 acres of perfectly manicured gardens and woodland. This country house hotel wanted to make the absolute most of its highly sought after Peak District location – the Dawnvale team was on hand to ensure just that with the design, build and fit out of a stunning new garden room.

Name: Callow Hall, Peak District

Location: Ashbourne

Scope: Bar + Restaurant Fit Out

STYLISH & WELCOMING

In order to allow more guests to relax, refresh and drink in the beautiful seasonal views, we designed and built a glass extension which perfectly compliments this grand Victorian country house.

COMPLIMENTING NATURE

Our design for the room included warming, wooden accents with a large bar area, comfortable seating and a dining area where guests can enjoy a seasonal menu surrounded by nature.

LIVING GARDEN

In addition to amplifying the natural light and allowing a seamless inside, outside transition, the expansive glass roof also features a living garden, adding additional greenery to the space.

FURNITURE

Our carefully chosen furniture includes sumptuous leather chairs, stylish bar stools and comfortable seating, which all fit perfectly in this welcoming restaurant and bar.
