The Restaurant Bar & Grill, Leeds

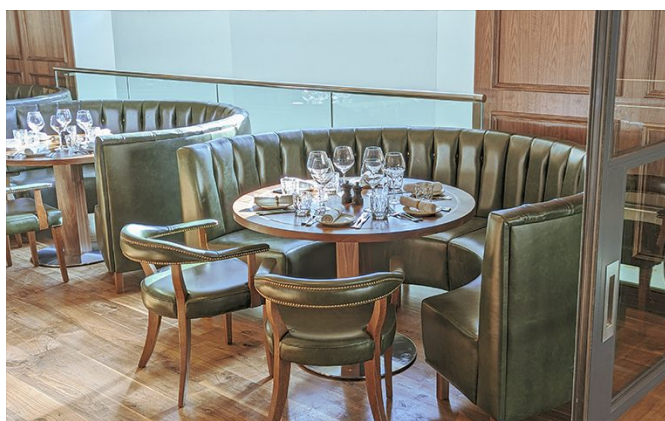

The Restaurant Bar & Grill, located in the heart of Leeds city centre, offers a unique dining experience within the beautifully restored old Post Office building.

This extensive multi-million-pound restoration project was dedicated to more than just crafting a visually captivating space; it aimed to offer a superior dining experience in a breathtaking setting, emphasising quality and excellence.

Name: The Restaurant Bar & Grill,
Leeds

Location: Leeds

Scope: Bar + Restaurant Fit Out

METICULOUS TRANSFORMATION

This intricate bespoke fit out, one of our most detailed to date, transformed a 200-year-old Grade 2 listed building. Despite the challenges of the central location, we completed this remarkable renovation on schedule in just six weeks.

DETAILED FINISHING

Influenced by landmarks like New York's Grand Central Station, the venue's open-plan layout enhances space and light, adorned with stylish wishbone lighting, gold leaf detailing 25 feet above and deep walnut wooden panelling throughout.

ONXY MARBLE BAR

A highlight of the venue is the honey onyx marble bar with bespoke LED panels creating a radiant stone effect. A wooden bar frontage, mirrored back bar, and 16.5 tonnes of Italian marble combine to enhance the area's luxurious feel.

BESPOKE FURNITURE

Fashioned from 160 premium leather hides, the olive-green banquettes and brass-studded chairs create a cohesive look. The newly designed booth seating offers privacy, while bespoke walnut and marble tables with brass detailing unify the décor.
