Etihad Airways VIP Suite, Etihad Stadium

Etihad Airways, renowned for their luxurious air travel experience, aimed to refresh their VIP boxes within the Etihad Stadium. We were delighted to be recommended by the club to undertake these renovations.

The objective was straightforward: infuse the elegance synonymous with the Etihad brand into the matchday hospitality, providing customers with an impeccable pitch-side experience.

Name: Etihad Airways VIP Suite,
Etihad Stadium
Location: Etihad Stadium
Scope: Stadia Fit Out

CRAFTED FEATURE WALL

The feature wall exhibits a meticulously crafted world map, precisely cut and mounted within a luxurious gold Venetian plaster wall. Adding an extra touch of elegance, a bespoke LED Etihad Airways logo adorns the display, completing the overall experience.

SERVE WITH STYLE

We designed the serving area to blend style with functionality. Custom cabinets line each side, adorned with precious stone countertops and a bespoke stemware rack. The bar offers flexibility, accommodating both self-service and assisted service to suit different functions.

UNPARALLELED COMFORT

Indulge in an oasis of unparalleled comfort—a chic setup featuring four Winter White leather lounge chairs elegantly arranged around a bespoke Botticino Marble coffee table. A meticulously handcrafted media display with a 72-inch TV completes this luxurious design.

VERSATILE FURNITURE

The square tables, with solid timber tops, are expertly crafted for versatility, accommodating various layouts and comfortably seating up to 20 guests. These elegant Walnut dining tables complement the bespoke carpentry, adding a harmonious touch to the overall design.
